Governor

GAYLE F. McKEACHNIE
Lieutenant Governor

July 28, 2004

TO: Minerals File

FROM: Tom Munson, Senior Reclamation Hydrologist 

SUBJECT: Site Inspection, Bullseye #1, Ed Lister, S/023/031, Juab County, Utah

Date of Inspection: March 30, 2004
Time of Inspection: 11:20a.m.- 1:20p.m.
Conditions: Sunny
Participants: Tom Munson, DOGM and Ed Lister, operator

Purpose of Inspection:

To look at the mine area and determine what was disturbed.

Getting to the site:

The site is accessed by way the Delta Power Plant Highway to Brush Resources, but turning towards the town of Joy.

Observations:

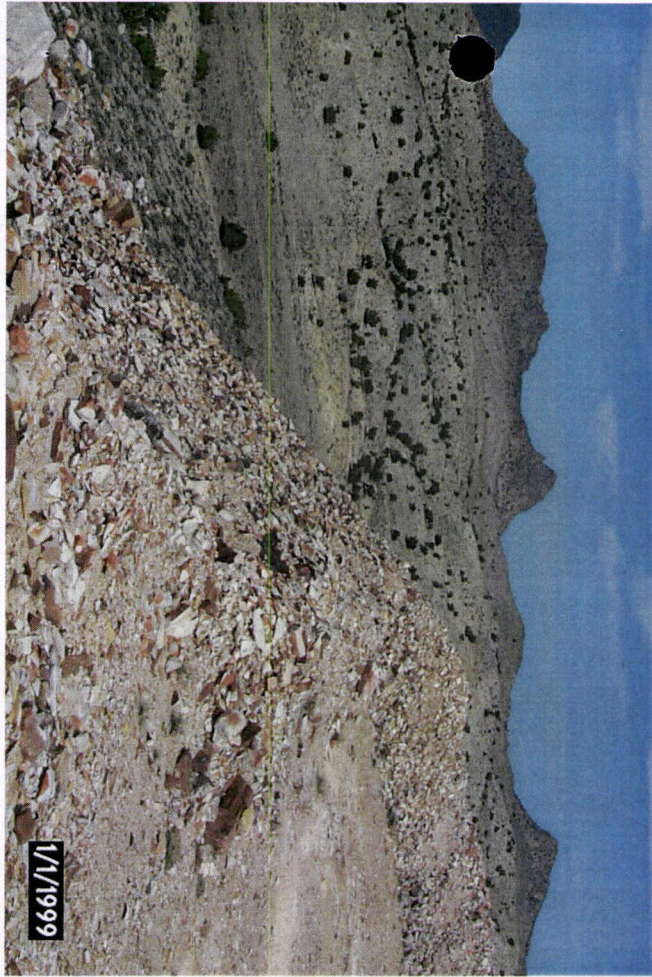

The disturbance at the site was not much different then previous inspections. Ed and I walked the two pits on the North and South side of the knoll. I GPS'ed the pits and the access roads going to and coming from the site.

Conclusions and Recommendations:

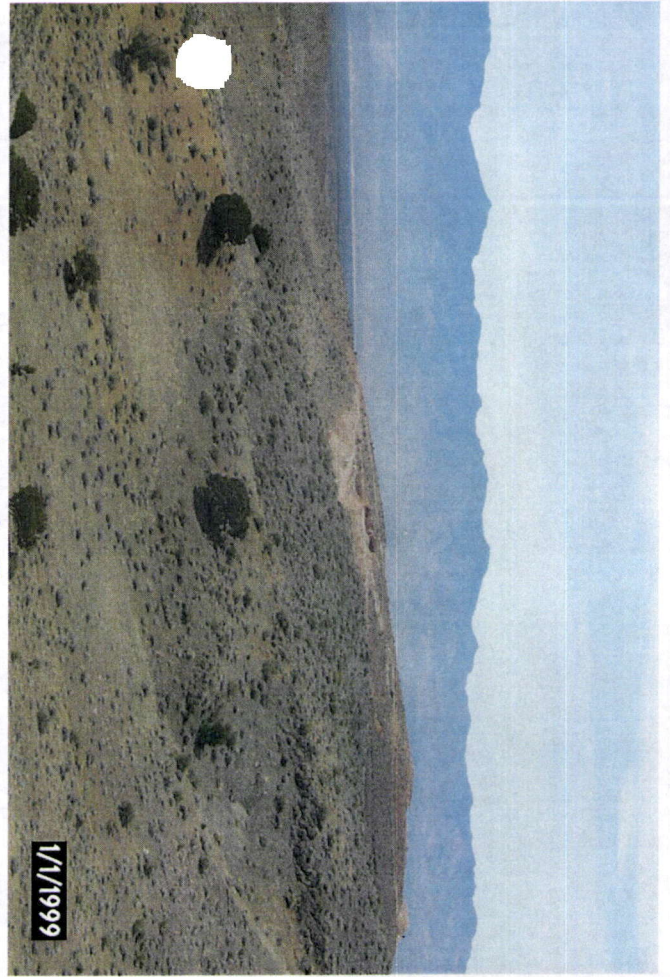

The BLM has a \$5,100 bond for the site and I see no reason that this would not be adequate to reclaim the site.
